Solar photovoltaic (PV) mini-grids are a nascent technology in Uganda; only a few are operational, such as the Kitobo solar power plant in Kalangala district. Most solar PV mini-grid business ...

This inverter can accept high PV voltage range and this feature will facilitate PV system installation. Besides, battery independency feature will keep ...

System Integration, One-Stop Solution: In addition to high-quality battery products, we can also professionally design and configure a complete solar energy system tailored

SAKO has 32 years of industry experience, specializing in the development, manufacturing and sales of solar inverters, lithium batteries
