The project will be located at Al-Azeezah in southern Abu Dhabi, around 50km south of the planned Zarraf solar PV plant. Covering an area of 90 sq km, the plant will be ...

Masdar and EWEC have begun construction on what they describe as the world's first gigawatt-scale renewable energy project to deliver continuous, round-the-clock power. ...

This landmark project will mark the fifth utility-scale solar PV development for both Abu Dhabi and EWEC, further cementing the emirate's commitment to clean energy leadership.

Nestled on a vast 90-square-kilometre desert site in Abu Dhabi, this gigascale solar-plus-storage project underscores the emirate's rising role as a global leader in renewable ...
