We provide performance monitoring, system upgrades, and dedicated customer support to ensure your solar system performs optimally, protecting your investment and maximizing savings.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Discover how Higher Wire shipping container solar systems provide reliable, off-grid power for remote worksites and projects.

Using our global network of air and sea carriers, we design a solar energy logistics solution that transports your solar panels or solar panel ...
