Would you like to generate clean electricity flexibly and efficiently and earn money at the same time? With Solarfold, you produce energy where it is ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours. Go big with our modular ...

It combines solar PV, battery storage, inverters, and energy management in a rugged container. Ideal for autonomous energy supply wherever grid access is unavailable or undesired.
