While the Baghdad Battery can function as a primitive electrochemical cell under modern reconstruction, the leap to conclude ...

The so-called "Baghdad Batteries" have been claimed to be an ancient, rudimentary way of storing power, but are they really or is this just speculation?

In this episode of Legacy Unpacked, we dismantle the "Baghdad Battery," a mysterious clay vessel found in Khujut Rabu that challenges the linear timeline of human invention.

Below, we have a video from the channel Artistically Speaking in which Brad Haford, a University of Pennsylvania archaeologist, gives his take ...
