Modern smart batteries include embedded electronics called a Battery Management System (BMS) that serves as the "brain" of the battery pack, optimizing battery performance and ...

Explore the step-by-step lithium-ion battery pack manufacturing process, from cell sorting to testing, ensuring safety, performance, and reliability.

This state-of-the-art production line achieves seamless automated battery pack production. Spanning an impressive 16 meters, it integrates cutting-edge technology through the following ...

Voltaplex is proud to design and manufacture battery management systems (BMS) that optimize lithium-ion battery packs" safety, reliability, and performance. We engineer our solutions for ...
