---

The defective inverter must be returned to Yaskawa Solectria Solar within 20 days following exchange. Failure to return the unit will result in a charge to the recipient.

While most electronics stores let you return blenders without interrogation, solar inverters operate under different rules. Let's unravel this mystery with real-world examples and actionable advice.

Learn how to sell and recycle solar inverters effectively to maximize returns and contribute to sustainability in the renewable energy.

This article explains the return process of the defective unit for customers in the US, Puerto Rico, US Virgin Islands and Canada
