Where can I buy a genset container?

The genset can also be attached to the chassis of the container, in these cases, it is called an underslung genset. Here at Alconet, you can buy a genset container both new and used. Take a look at our current offer down below, or request a quote directly to receive a price inquiry.

What is a genset on a reefer container?

A generator set ensures that reefer containers have power when there is no regular power source available. The generator is normally mounted on the front of a reefer container; in those cases, it is a clip-on genset. The genset can also be attached to the chassis of the container, in these cases, it is called an underslung genset.

Which gensets does Bay Container Services offer?

Bay Container Services offers a range of quality new and used Powerline UG15 gensets from Carrier for sale or lease. Our cost-saving lease program allows shippers, motor carriers, and owner-operators to increase profits and reduce maintenance or repair downtime.

How many generators can be used in a container genset?

The container gensets can be powered by engines of following manufacturers: The container built-in control panels are based on the intended use, e.g. manual/stand alone operation, emergency/standby or parallel operation. In parallel mode (GenSet-GenSet), up to 32 generators can be used as 'Power-Plant'.

Visit our website, where you can also find other container solutions available in stock, select the container genset for sale that meets your needs, and click "Get a Quote".
