Ils portent sur la construction de deux centrales solaires photovoltaïques d'une capacité de 50 MWc chacune, couplées à un ...

In a significant leap towards energy independence, Senegal has entered into agreements with China for the construction of two large-scale solar power plants.

Senegal has signed two agreements with Chinese state-owned company the China National Technical Import and Export Corporation (CNTIC) to develop solar energy and digital ...

These solar projects will be fully financed and executed by CNTIC, to expand electricity access to nearly 2,000 villages. The initiative forms part of Senegal's national ...
