This all-in-one containerized system combines an LFP (LiFePO₄) battery, bi-directional PCS, isolation transformer, fire suppression, air conditioning, and an intelligent Battery Management ...

High-capacity industrial solar battery storage systems (100kWh-1MWh) featuring Grade A+ LFP cells, containerized design for easy deployment, and integrated safety systems.

EcoDirect offers battery boxes, racks and enclosures for off-grid energy storage applications in solar PV systems. These products support the most common battery types.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.
