How do I find the best solar inverter?

To find the best inverter for your needs, connect with a solar.com Energy Advisor to review custom designs and proposals. Best Price Guaranteed. Solar inverters are key to making the electricity generated by solar panels usable in your home. Here are some of the best options on the market today.

Which solar inverter is best?

CNET experts have compared the most popular solar inverters' specs, warranties, prices and more. The SolarEdge Home Wave Inverter is our top pick in 2025. It was the most efficient inverter we looked at, letting you use a larger percentage of the energy your solar panels generate. This translates to less and more power to use around the house.

What is a hybrid inverter?

A hybrid inverter is the way to go. It connects to both the grid and solar batteries, letting you store excess energy and use it anytime, day or night. This concept is perfected in high-end ecosystems like the EcoFlow OCEAN Pro, where the inverter is not just a standalone component but the intelligent heart of a complete home battery backup system.

How do I Choose an inverter for my home?

"That's actually a big problem for lots of people." Choosing an inverter for your home can be tricky. In most cases, an installer will handle this for you. Along with selecting a reputable installer, there are a few other things to look for when choosing an inverter. If you want to go solar, you need a good inverter.

This energy storage inverter works with multiple battery models to provide up to 10kW of backup power for your entire house. The inverter also features a 90A AC pass-through, allowing you ...

Ekimp EK-6.2K-48V 6200W Smart On& Off Grid built in 120A MPPT Solar Inverter household inverter
