This blog aims to explore whether prefab container houses are earthquake - resistant, delving into their structural features, design considerations, and real - world performance.

Grande House presents the Foldable Container House--a game-changing mobile office designed specifically for engineering contractors and government procurement needs....more

A folding container house, built with galvanized steel frames and reinforced panels, laughs off 150-mph hurricanes, 5 feet of snow, and even moderate earthquakes.

Currently, we are actively seeking cooperation with the Myanmar government, international relief organizations (Red Cross, UNHCR), construction contractors, and ...
