---

The invention relates to the technical field of energy storage, in particular to a net-structured high-voltage cascade direct-hanging energy storage system, which comprises a...

Compared with the traditional energy storage system, the cascaded medium and high voltage direct-mounted energy storage system has large capacity, high efficiency

The high-voltage cascade energy storage device has a high protection level of IP54, which adapts to various complex environments and shows excellent adaptability. Its integrated design and ...

The topology of the hundred-megawatt high-voltage series-connected direct-hanging energy storage system integrates energy storage and reactive power compensation functions, enabling...
