Scalable expansion up to 16 pcs in parallel. LiFePO4: Higher safe performance and longer cycle life. Multiple Protection with built-in smart ...

In a solar energy storage setup, this means that the 12V lithium-ion battery can reliably store and release energy for many years, reducing the need for frequent battery ...

With their optimized voltage output and ample capacity, our 12 volt batteries are designed to seamlessly integrate into your solar setup, ensuring maximum energy capture and storage.

Ideal for home backup and small solar systems, this 12V 100Ah battery combines portability with high performance. Featuring A-grade lithium cells and 80% depth of discharge, it delivers ...
