What is a low voltage switchgear?

DOHO low voltage switchgear is designed for safe and reliable distribution of electrical power in residential, commercial, and industrial applications. This type of switchgear is available in a variety of configurations, including circuit breakers, contactors, fuses and other components.

What is switchgear & how does it work?

Switchgear protects electrical equipment and circuits from damage caused by overcurrent, voltage spikes and other faults in the system. Our goal at DOHO is to be complete solutions provider for all your switchgear product needs.

Is Doho a reputable switchgear company?

DOHO is one of the most reputable switchgear company. We produce a full range of low-voltage (LV), medium-voltage (MV) switchgear and high-voltage switchgear (HV).

Why should you choose Doho switchgear?

Being an international switchgear company, DOHO has invariably over the years, invested in modern, state-of-the-art manufacturing facilities, which allow us to produce premium switchgear that meets the most stringent local and international standards.
