---

Beyond mounting the solar panels on the roof of the container on delivery, NO wiring or assembly is required to have your own storage, living space or workspace ready in just a few hours.

Available with either 1-side or 2-side racking, this variant of the Hacon Solar Container is fully customizable, location-independent, and ready to use with a plug & play design.

Housed in a 20-foot container, this system integrates solar PV, energy storage, and advanced control components into a single unit, making it ...
