“A high-quality inverter isn't just about efficiency - it's about system longevity and ROI protection,” notes a Krakow-based solar installer.

A high-frequency inverter is proposed and designed for high-power induction heating applications. It consists of a boost chopper, half bridge, and series load resonant circuit. [pdf]

Zeltech is a distributor of frequency inverters and gearmotors. Additionally, in our offer, you can find electric motors as well as commutators and slip rings.

With Magnetics Sp. z o. o. near Krakow, which SMA has taken over, the company is one of the largest solar manufacturing employers in Poland. This production, supply, service ...
