This storage solution enables safe intermediate storage and flexible transportation of self-produced green hydrogen. Our pressure vessels are available individually, in customized ...

The development and optimization of high-pressure hydrogen storage tanks, particularly Composite Overwrapped Pressure Vessels (COPVs), represent a crucial ...

In the sub-project Mukran of the BMBF-funded flagship project TransHyDE, spherical and nearly spherical-shaped (isotensoids with short cylindrical spacer) high-pressure ...

In this paper, storing compressed gaseous hydrogen is discussed based on three main types of storage: a storage vessel with its different types, geological storage, and other ...
