Max. 13A per string, 150% DC overloading capability, remote and local intelligent IV scan function.

Max. DC Voltage (VDC): 800.

S5-GC (100-110)K series inverters can be widely used in C& I and utility PV projects with compatibility, efficiency, and high energy density, with 90MPPT/MW tracking density, max ...

An NRTL approved, cost-effective alternative to central inverters, these inverters are modular design building blocks that provide high yield and enable significant BoS cost savings. They ...
