---

solarcont has developed a mobile solar container that stores and unrolls foldable photovoltaic panels for portable green energy anywhere.

These panels usually use high-efficiency thin-film solar technology, which is light, flexible and easy to fold. The panels can be ...

Mobil-Grid® 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and ...

Think about it: a shipping container rolls off a truck, is placed on a vacant patch of ground, and within two hours flat, deploys into a complete solar power station.
