The inverter can export its rated power to the power grid. Set this parameter to SDongle/SmartLogger when the SmartLogger1000A is connected. If multiple inverters are ...

Export Limitation means limiting the amount of power exported to the grid. Export limiters limit the power generation from the Huawei PV inverter so that amount of power to be ...

Log in to the management system, click Plants, and choose Log Export under Device. Select devices and click Start Export to create an export task. When the export status is Succeeded, ...

In this video i have explained in detail what will happen when zero export is on and when it it is turned off.
