Our organization represents the City of Pecs, acting as the main coordinator for the local LEGOFIT pilot site in Hungary. We are responsible for overseeing the renovation and energy ...

Hungary's city of Pecs has quietly emerged as a hotspot for household energy storage manufacturing. With rising demand for renewable energy solutions, factories here are driving ...

A solar park with a capacity of about 28.5 megawatts has started operations at the cement plant of Holcim Hungary Ltd in Kiralyegyhaza.

This is done through the extensive use of greenery, applying sustainable and smart materials, and utilising solar energy. The vegetation aids the overall ...
