I recommend Green Power Energy if you're considering getting solar panels. If you're unsure, request a free quote and ask your questions--they did not pressure or try to "close" me.

"The Wards Island project will help New York City transition to a more sustainable future and set a new bar worldwide for clean energy installations at wastewater treatment ...

Thinking about installing solar panels in New York? Find everything you need to know about incentives, cost, top companies, and more.

Long Island's top solar companies are EmPower Solar, Sunrun and CleanChoice. Compare local reviews, equipment options, warranties and more.
