---

Jordan has initiated the development of grid-scale battery energy storage systems (BESS) to address these challenges. These systems are expected to provide frequency ...

His research focuses on electrochemical energy storage systems, mainly supercapacitors, energy policy, electronic waste management, and power systems with ...

Jordan Energy is a specialized EPC (Engineering, Procurement, and Construction) and O& M (Operations and Maintenance) ...

A techno-socio-economic framework for ESS selection is proposed and applied to Jordan's unique energy landscape.
