The Somali government has kicked off a tender for the design, supply, installation, testing and commissioning of a 55 MW solar plant ...

Think of solar panels as Mogadishu's new power plants - decentralized, resilient, and democratizing energy access.

You know how people talk about energy access in Africa? Well, the Mogadishu Energy Storage Project isn't just another solar farm - it's a \$180 million game-changer combining lithium-ion ...

Major commercial projects now deploy clusters of 15+ systems creating storage networks with 80+MWh capacity at costs below \$270/kWh for large-scale industrial applications. ...
