-----  
How many MW power plants are there in Monrovia?

The installed generation capacity is 88MWhydroelectric facility Mount Coffee and 36MW Diesel facility on Bushrod Island, powering the main grid in Greater Monrovia operated by LEC.

Why is mobile energy storage a stranded asset?

Stationary storage lacks flexibility, suffers from low utilization and from the risk of becoming a stranded asset. Power Edison addressed these issues by developing mobile energy storage platforms: TerraCharge(TM) and AquaCharge(TM) for mobile land-based and water-based mobile energy storage respectively.

Why should you buy a portable power station from Lowes?

Stay powered and connected wherever your adventures take you with a reliable portable power station from Lowe's. Ideal for camping, tailgating, emergencies or everyday outdoor activities, portable power stations provide a safe and convenient energy solution so you can charge and run essential electronics and appliances.

How much does a portable power station cost?
