Run direct from the sun into an elevated storage tank and let gravity do the work for you; this option is only good if you have the luxury of an elevated site or are feeding into a tank stand. ...

Our pumps can match any size, head and liters per second. Our team has been trained to provide the best option for any needs, with a little ...

As the authorized New Zealand distributor, Able Solar proudly supplies a wide range of Lorentz solar pumps, supporting a strong dealer network across both the North and South Islands.

Solar bore water pumps are widely used on farms and outback stations in New Zealand to supply water to livestock and general irrigation can draw water from boreholes, wells, lakes or rivers.
