How many solar power plants are there in Kazakhstan?

Solar Power: The potential of solar energy in Kazakhstan is estimated at 2.5 billion kWh per year. Solar energy can be widely used in two-thirds of Kazakhstan's territory. The government aimed to put 28 solar power plants into operation by the end of 2021, and met this goal, with currently 51 solar power plants in operation.

Where is Kazakhstan's new solar power plant located?

A few months later, the EBRD loaned another \$42.5 million toward a \$75 million 63 MW solar photovoltaic power plant that Risen is building in Chulakkurgan, north of Shymkent. China, which now produces 70 percent of the world's solar panels, is well represented in Kazakhstan's new renewable projects, but it is not the only player.

What is Kazakhstan's largest solar project?

Kazakhstan's largest solar project - a 100 MW field in Saran, Karaganda Province - was opened last year by a German company, also with EBRD backing. Russian engineers doubled capacity at the EBRD-backed Burnoye plant in Zhambyl in 2018.

Is Kazakhstan a good place to invest in solar power?

Kazakhstan has remarkable solar potential with a very well-designed auction system, a clear renewable capacity addition schedule, and a solid decarbonisation target. The country is now also including storage systems as part of its public procurement strategy in a move that will ease further integration of renewables into the grid.

The new 300 MW solar plant is set to become the biggest of its kind in Kazakhstan. Construction officially began in mid-December 2025, positioning the project as a ...

We are offering you high quality 3wp till 340wp panels which are on MNRE guidelines and MNRE Approved. Manufactured in highly automated state of the art facilities with rigorous in-house ...

We are a Solar Panels supplier serving the Kazakhstan, mainly engaged in the sale, quotation, and technical support services of various Solar Panels products in the Kazakhstan region.

Entering Kazakhstan's solar market? Learn the six essential manufacturing operations to meet "Made in Kazakhstan" rules and unlock government tenders.
