This is not a "tiny home" setup -- it's a full-sized, off-grid residential system that replaces your connection to the power grid entirely. Designed for homeowners who want real energy ...

Many customers explore off grid solutions due to the simplicity and maneuverability of our containers. As long as a truck can get to the plot of ...

Designed for location-specific performance, our kits reduce electricity costs and protect against outages--giving you the freedom and peace of mind to live off-grid.

These kits contain the components you need to install a fully self-sufficient off-grid solar system, including solar panels, an off-grid inverter, and mounting materials. We'll also customize your ...
