I am confused about the way to express the time that you are not required to work. Is there any differences in the use of the expressions "day off" and "day leave"? Thanks in ...

Multi-port bidirectional converter facilitates bidirectional power flow control, with high power density, and superior efficiency. The application of these conv

Solar-plus-storage system adoption is rising, particularly in California and Hawaii, driven by net metering policy changes encouraging energy self-consumption. Given the right ...

In BE, "off work" means not working, possibly because of illness, or because you are on leave or have a holiday. Therefore, in BE, your question would make sense.
