This system is suitable for both on-grid and off-grid use, and can be redeployed in less than 24 hours without the need for specialist labour. This makes it an ideal solution for isolated areas ...

We design and build shipping containers featuring integrated solar systems that can be used to provide microgrid energy solutions.

Containerised off-grid power systems designed and built in Australia for farms, mining, remote resorts and communities. Reliable, scalable, pre-wired and factory-tested.

Whether you're powering a remote agricultural site, supporting early-stage infrastructure, or replacing diesel on a mining project, our container delivers solar power -- all in one rugged, ...
