Solar power generation installed on cement facilities isn't just environmentally responsible - it's becoming the ultimate competitive advantage in a decarbonizing world.

Cemex and Synhelion will now take further steps toward building a solar-driven industrial-scale pilot cement plant. "I am convinced we are getting closer to the technologies ...

Green, carbon-free, sustainable solar energy solutions for cement factories to help build the planet's future. Throughout history and until the present period of unceasing progress, ...

Synhelion and Cemex will now take further steps toward building a solar-driven industrial-scale pilot cement plant. "I am convinced we are getting closer to the technologies ...
