Who is Slovak solar?

Slovak Solar s.r.o. is a leading photovoltaic wholesaler in Slovakia, Czech Republic and Austria, with a vision to create a sustainable energy future. We started our journey in 2009 with the main idea - to provide companies specialised in the installation of solar systems with access to first-class photovoltaic products, all from one place.

Why should you choose Slovak solar?

At Slovak Solar, we believe that progress comes from constant innovation. From day one, we've been breaking new ground in Slovakia's solar energy sector. We were one of the first company in Slovakia to install Building-Integrated Photovoltaics (BIPV).

Where are electrical engineering companies located in Slovakia?

*Only companies with more than 20 employees included. Electrical engineering companies are located across whole Slovakia. Some regions have had a historically strong tradition in this sector. Others have been shaped by new global players and their suppliers coming to the region (e.g. MinebeaMitsumi in Kosice).
