Slovenia's HSE signs a EUR100M deal for 80 MW of new solar power plants with integrated battery storage, advancing the nation's renewable energy goals for 2050.

Construction is set to begin by Q3 2026, with electricity production scheduled to start in Q1 2027. Upon completion, PSE Druzmirje will overtake France's 74.3 MW floating ...

From urban rooftops in Ljubljana to agricultural facilities in eastern Slovenia and remote alpine locations, hybrid and off-grid solar battery solutions are gaining momentum.

Slovenia is mostly leaning on small photovoltaic and battery storage installations for its renewables expansion. Moja elektrarna, a firm based in Maribor, the second-largest city, ...
