The Renewable Energy Test Center (RETC) has released its 2025 PV Module Index, assessing solar module reliability, quality, and performance across industry benchmarks.

Provide a common platform to summarize and report on technical aspects affecting the quality, performance, and reliability of PV modules and systems in a wide variety of environments and ...

To identify the best of the best, RETC reviewed and ranked the overall data distributions across three disciplines: quality, performance, and reliability. Find the overall top ...
