---

As the trend towards renewable energy continues to grow, integrating solar technology into tile roofs is becoming an increasingly viable option. Together, we can work ...

SunStyle™ is much more than a solar panel - it utilizes one design of building materials to provide a two-in-one combined roofing and solar solution of which you can rely on and be proud.

Our solar tiles are a 2-in-1 roofing material. If you want the best-of-the-best, then we've got you - and your house - covered. Significant savings on energy costs and reduced carbon footprint. ...

Unlike bulky solar panels, they integrate seamlessly into the roof, enhancing both aesthetics and property value. Solar tiles are typically made using monocrystalline or thin-film ...
