Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Among the innovative solutions paving the way forward, solar energy containers stand out as a beacon of off-grid power excellence. In this comprehensive guide, we delve into ...

Absolutely, you can put solar panels on a shipping container! In fact, the flat roof of a shipping container makes it a great surface for mounting solar panels.

Witness how a shipping container solar system changes the face of power access. Discover the benefits of solar containers, real-life applications, and solutions for off-grid power.
