We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

As a self-contained, self-sustaining power station, PowerCube ® is uniquely suited to support military and disaster relief efforts, and being housed in a standard shipping container makes it ...

The invention relates to a wind and solar hybrid generation system for a communication base station based on dual direct-current bus control, comprising photovoltaic arrays, a wind-power ...

Perfect for communication base stations, smart cities, transportation, power systems, and edge sites, it also empowers medium to high-power sites off-grid with an energy-efficient, hybrid ...
