---

615 - 635 Watt Positive power tolerance of 0 ~+3% Philadelphia Solar's Mono-Crys-talline N-type modules with power up to 635Wp are produced Made In Jordan

Utilizing a 182mm wafer size in a 156cells layout, the solar panel is designed for optimal balance between high power and manageable physical size, with specific dimensions and weight ...

Jingke"ao Technology Co., Ltd. specializes in photovoltaic modules production and sales. Providing high-quality solar power system products for efficient energy solutions.

In this comprehensive guide, you'll learn everything you need to know about solar panel sizing, from standard dimensions to weight considerations, helping you determine the ...
