Where are Elgin power solutions Mobile substations made?

All Elgin Power Solutions mobile substations are crafted and rigorously tested at our state-of-the-art facility in West Virginia. The entire assembly, including transformers, trailers, and structural steel, is manufactured in the USA.

Why is a storage mobile a good idea?

Making storage mobile allows utilities to dispatch storage systems to match shifting demand and defer costly upgrades to the grid. It also enables businesses to send batteries to where power is needed most, like Canada in winter and Brazil in summer.

Elgin Power Solutions specializes in custom-built mobile substations that are turnkey and self-contained. Each unit is designed and manufactured to meet your unique requirements while ...
