Germany-based EV charging and BESS integrator ADS-TEC Energy has installed eight units comprising a 20MW battery energy storage system (BESS) in Sweden. The large ...

Sweden's extensive solar energy policies, with an ambitious target to double its solar capacity by 2030, are boosting the solar container market.

Just last month, Stockholm unveiled Northern Europe's largest lithium-ion storage array - 150 connected containers storing enough energy to power 45,000 homes during winter blackouts.

Through its subsidiary, Polar Capacity, the company invests in and manages local power balance for industries, municipalities, and local energy utilities. The large-scale storage ...
