Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

The Bluesun 20-foot BESS Container is a powerful energy storage solution featuring battery status monitoring, event logging, dynamic balancing, and advanced protection systems. It also ...

The container battery utilizes 700-Ah lithium iron phosphate (LiFePO₄) cells in a liquid-cooled 1,500 to 2,000-volt configuration. Despite its massive 8-MWh capacity, the ...

Our battery container storage systems are frequently used in solar farms, EV charging stations, data centers, and emergency power setups. With integrated battery management and long ...
