With a rated output of 30 MW and a storage capacity of 120 MWh, Hirohara BESS will be capable of providing four hours of electricity ...

Battery storage developer Eku Energy has partnered with utility Tokyo Gas on a grid-scale energy storage project in Japan, with construction expected to start soon.

The Tokyo Energy Storage Phase II project isn't just another battery installation; it's sort of the linchpin for Japan's 2030 carbon neutrality goals. By 2026, this 820MWh facility will store ...

Tokyo Gas has contracted for full operating rights over a 20-year term to the Hirohara BESS, which Eku Energy will own. In April, the utility said in a Japanese-language ...
