Detailed walk-through of the planning and installation of our 3kW - 5kWH - 120V off-grid solar system that powers a rehabbed shipping container. Use to build your own system ...

From our tests, we found that our recommended solar generators power a container house for daily needs with enough reserve ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

These solar generators provide diverse solutions, catering to varying power needs, portability preferences, and additional features for container house adaptations.
