But here's the kicker - it's not just about energy storage. This project pioneers vehicle-to-grid (V2G) integration with Tallinn's electric bus fleet, creating what engineers call a 'bi-directional ...

The plant was located next to the Tallinn Gas Factory at the location of the former Stuart fortress. The plant was designed by Volta and the architect was Hans Schmidt.

Estonia's first long-duration energy storage project, Zero Terrain Paldiski, obtained the main building permits in December 2022. Construction of the country's first pumped-hydro ...

Tallinn-based Zero Terrain has partnered with the Estonian government to develop Estonia's first pumped-hydro energy storage project, a key initiative in Estonia's ...
