Why should you buy a solar system?

Flexible financing and low monthly lease options can help you secure the best price for your solar system. By installing solar panels, you can also reduce your reliance on traditional energy sources. Power your home with emissions-free, renewable energy directly from the sun.

Why should you install solar panels?

Generate your own clean energy from the sun for free with solar. Add Powerwall to store your energy for use anytime you need it. Flexible financing and low monthly lease options can help you secure the best price for your solar system. By installing solar panels, you can also reduce your reliance on traditional energy sources.

What can I do with solar energy?

Power everything from your TV to the internet with solar energy. Save excess solar energy in Powerwall for use during storms and outages, or when utility prices are high. Charge your electric vehicle with clean energy at home using Mobile Connector or Wall Connector.

As of February 2025, prices now dance between \$9,000 for residential setups and \$266,000+ for industrial beasts. But here's the kicker: The real story lies in the 43% price drop since 2023, ...
