Why do you need a folding container?

To sharpen material handling efficiency, ORBIS' folding containers offer more capacity, less wasted space, reduced shipping and storage costs. They quickly assemble or collapse in only 3.8 seconds. Containers are an economic, environmental and efficient alternative to corrugated boxes or cases when shipping long distances.

What is a hand-held folding container system?

Take the air out of shipping and storage costs with the Hand-Held Folding Container System. To sharpen material handling efficiency, ORBIS' folding containers offer more capacity, less wasted space, reduced shipping and storage costs. They quickly assemble or collapse in only 3.8 seconds.

What is the most versatile storage container on the market?

The KWIK-STOR storage containers are the most versatile on the market. They offer the most features for the cost and are built strong and secure with tamper proof hardware. No other container is as cost effective as a KWIK-STOR storage unit.

Will the seafold 40 reduce the cost of repositioning containers?

With over 20 percent of all ISO containers returning to their port of origin empty, the SeaFold 40' has the potential to cut the cost of repositioning containers by 56 percent, storage space by 80 percent, and carbon emissions by up to 70 percent.
