A new arrival in the Paraguayan market, Argentine operator Nubicom, plans to invest US\$200 million in the next few years to build a standalone 5G network in Paraguay.

According to the auction rules, Nubicom and Claro are required to deploy at least 100 radio base stations across Paraguay for every 100MHz of spectrum awarded. ...

There is not yet a modern 5G network in Paraguay (as of 2023). The penetration of 4G, i.e. mobile communications with at least LTE speed, recently stood at 96.90%.
