Windows Search (Type here to search) not working I have re-indexed search I can't get the mouse bar to stay in the search space. Mouse works everywhere but not in the search box.

Realtek auto array Microphone doesn't pick up sound, was working

Hi I still have issue on the customize hours. Please find the attached screenshots. I had the custom hours on the first picture but it is not reflecting on the second picture. I used ...

My Lenovo Ideapad running 8.1 has been working perfectly for some time but when, for the first time, I touched F11 the brightness went right down and won't increase. This despite ...
