We offer two types of solar containers that differ in design and power output. Besides our flagship, auto-foldable container, we also offer the manual version of this unit.

We have deployed Solar Power Container units at three of our mines and the results have been outstanding. The ease of transportation and short installation time saved us weeks of downtime.

What Is a Mobile Solar Container and How Does It Work? A mobile solar container is essentially a containerized portable solar power system that can be transported to remote or ...

The mobile solar containers and portable solar chargers are designed with easily foldable solar panels which makes them ideal for remote areas and versatile applications like mining, ...
